Old Malda, Malda, West
Bengal, India

kishanghosh090@gmail.com

ABOUT ME

Passionate full-stack developer specializing in scalable backend systems, modern web applications, and Android development. Experienced in building production-grade applications using React, Node.js, Express, TypeScript, and Kotlin with Clean Architecture. Currently focused on system design, real-time applications, and mobile development while pursuing a Bachelor's degree in Data Science.

EDUCATION

2024 - 2028

IIT Madras

Bachelor of Science in Data Science and Applications

Focused on Data Science, Algorithms, Software Engineering, and System Design alongside practical full-stack and Android development.

EXPERIENCE

2025 - NOW

Developer

[BlogratorWEB
SERVICE](#)

- Developed full-stack web applications using React, Node.js, Express, and MongoDB/PostgreSQL
- Implemented authentication systems using JWT and secure password hashing
- Designed REST APIs and backend architectures for scalable applications
- Worked on real-time features and modern deployment workflows using Docker and VPS environments
